

THE VENDETTA by Michael Tyler

ISBN-10: 1-59507-173-3, ISBN-13: 978-159507-173-6

One good cop. One part-time hooker. Both dead.

Michael Griffin is a cop. Narcotics. Tough as nails. The man you want at your back when things get bad—the man to avoid if you *are* bad.

His friends have been murdered; one tagged a suicide, the other discarded like yesterday's garbage. But Griffin values his friends, doesn't sort them by race or profession, and he wants justice. *True* justice. If he can't get it from within the system, he'll take his game out of bounds, rules be damned.

The Vendetta is the story of Griffin's pursuit of renegade criminals responsible for a string of brutal murders. Cops and mobsters, wives and lovers, hookers and dealers—meet them all as Griffin plunges into the murky depths of the underworld. Street-smarts and gut instinct put him on the trail, pure determination keeps him alive when *he* becomes the hunted, and don't-give-a-damn courage carries him through to the end of his quest.

**They butchered his friends.
He's only returning the favor...**

"Tyler has penned a mystery-thriller masterpiece. It's got it all: drug dealers, the mob, prostitutes, strippers, bikers, murderers, traitors, and a courageous and talented team of street cops—all told with such authenticity, wit, page-turning realism, and edge-of-your-seat suspense that it would make you swear the author must have worked the dark streets of this very town as an undercover agent himself. Not for the faint of heart. It's HOT!"

Robert Gelinas
Author, *The Mustard Seed*

Michael Tyler lives in small-town Ohio with his wife and children. A former Marine Infantry and Army Special Forces NCO, Tyler manages a small business operation when he is not tied to the keyboard.
